Program Structure:

- Programs that have more than one team per grade level, are to make an effort to divide teams into two separate and equal teams.

- Our goal is to develop equally balance teams for each grade level
- Some movement between teams may be due to injuries, discipline problems, scholastic ineligibility, etc.
 - These players should be those that see less playing time during their regular scheduled game – IE. Do not play your better "stud" players in both games if players are needed.

*For programs with more than one team, coaches can not move players with out their boards prior approval & must notify your opponent that you will have players playing in more than one contest for that week.

- Coaches will notify their upcoming opponent at least one week in advance of their game.

 - *****This call *should be initiated* by the home team.
 - Base defense and offense schemes should be communicated along with confirming time, location and jersey colors & any special player concerns
- The home team should furnish any needed ice and have an emergency plan including a cell phone at all games.
